

Detailed AASB Work Program

(prepared November 2011 – based on [IASB work plan](#) as of 31 October 2011 and IASB November Update)

This Work Program prepared by AASB staff categorises the projects into four groups:

Table One:	Active projects
Table Two:	Non-active projects (subject to resources)
Table Three:	Agenda decisions to be made
Table Four:	Other technical staff activities

The documents and actions noted in the tables are not a complete reflection of the matters the AASB will consider regarding each project. The timing and outcomes are estimates that are subject to change.

The AASB is involved with all IASB and IPSASB projects in various capacities – only those of particular relevance to the AASB are included in Table One, Active Projects.

Projects may move from having substantive AASB involvement to having non-substantive involvement and vice versa depending on developments within those projects. Although not specifically addressed in this work program, the AASB will also undertake the work necessary to maintain the Reduced Disclosure requirements for Tier 2 entities.

In the context of this work program, a [Summary Work Program](#), highlighting the consultative or final documents expected to be issued in the short-term, is available on this website. In addition, a [Differential Reporting Work Program](#), focusing on maintaining the Reduced Disclosure Requirements for Tier 2 entities, is also available on this website. In due course the [AASB's Approach to Public Sector Issues](#) will be added to the website.
