## Commenting on this AASB Exposure Draft

Constituents are strongly encouraged to respond to the AASB and the IASB. The AASB is seeking comment by 22 February 2012. This will enable the AASB to consider Australian constituents' comments in the process of formulating its own comments to the IASB, which are due by 21 March 2012. Comments should be addressed to:

The Chairman  
Australian Accounting Standards Board  
PO Box 204  
Collins Street West Victoria 8007  
AUSTRALIA  
E-mail: [standard@asb.gov.au](mailto:standard@asb.gov.au)

Respondents to the IASB are asked to send their comments electronically through the 'Open to Comment' page on the IASB website ([www.ifrs.org](http://www.ifrs.org)).

All submissions on possible, proposed or existing financial reporting requirements, or on the standard-setting process, will be placed on the public record unless the Chairman of the AASB agrees to submissions being treated as confidential. The latter will occur only if the public interest warrants such treatment.

## **AASB REQUEST FOR COMMENTS**

In light of the Australian Accounting Standards Board's (AASB's) policy of incorporating International Financial Reporting Standards (IFRSs) into Australian Accounting Standards, the AASB is inviting comments on:

- (a) any of the proposals in the attached International Accounting Standards Board (IASB) Exposure Draft, including the specific questions on the proposals as listed in the Invitation to Comment section of the attached IASB Exposure Draft; and
- (b) the 'AASB Specific Matters for Comment' listed below.

Submissions play an important role in the decisions that the AASB will make in regard to a Standard. The AASB would prefer that respondents supplement their opinions with detailed comments, whether supportive or critical, on the major issues. The AASB regards both critical and supportive comments as essential to a balanced review and will consider all submissions, whether they address all specific matters, additional issues or only one issue.

### **Due Date for Comments to the AASB**

Comments should be submitted to the AASB by 22 February 2012. This will enable the AASB to consider those comments in the process of formulating its own comments to the IASB. Constituents are also strongly encouraged to send their response to the IASB.

### **AASB Specific Matters for Comment**

The AASB would particularly value comments on the following:

1. whether there are any regulatory issues or other issues arising in the Australian environment that may affect the implementation of the proposals, particularly any issues relating to:
  - (a) not-for-profit entities; and
  - (b) public sector entities;

[Note: This Exposure Draft is seeking comments from the perspective of not-for-profit, including public sector entities at this time even though AASB 10 is not permitted to be early adopted by these entities]
2. whether, overall, the proposals would result in financial statements that would be useful to users;
3. whether the proposals are in the best interests of the Australian economy; and
4. unless already provided in response to specific matters for comment 1 – 3 above, the costs and benefits of the proposals relative to the current requirements, whether quantitative (financial or non-financial) or qualitative.

### **Relationship to Other AASB Projects**

The AASB is currently undertaking the project *Control in the Not-for-Profit Public and Private Sector* and is developing an Exposure Draft for issue in the near future which would include specific Aus paragraphs to assist not-for-profit public and private sector entities in applying AASB 10. The Exposure Draft may include modification of AASB 10, where necessary, to address issues specific to not-for-profit entities.

*Comments to be received by 21 March 2012*

**ED/2011/7**

This exposure draft *Transition Guidance* (Proposed amendments to IFRS 10) is published by the International Accounting Standards Board (IASB) for comment only. The proposals may be modified in the light of the comments received before being issued in final form as an amendment to IFRS 10. Comments on the exposure draft and the Basis for Conclusions should be submitted in writing so as to be received by **21 March 2012**. Respondents are asked to send their comments electronically to the IFRS Foundation website ([www.ifrs.org](http://www.ifrs.org)), using the 'Comment on a proposal' page.

All responses will be put on the public record unless the respondent requests confidentiality. However, such requests will not normally be granted unless supported by good reason, such as commercial confidence.

## Introduction

---

- IN1 IFRS 10 *Consolidated Financial Statements* (issued May 2011) establishes principles for the preparation and presentation of consolidated financial statements when an entity controls one or more entities. IFRS 10 supersedes IAS 27 *Consolidated and Separate Financial Statements* and SIC-12 *Consolidation—Special Purpose Entities* and is effective for annual periods beginning on or after 1 January 2013, with earlier application permitted.
- IN2 The IFRS Interpretations Committee received requests to clarify the transition guidance in IFRS 10. The objective of the proposed amendments in this exposure draft is to provide this clarification and to make clear what the Board's intention was when issuing IFRS 10. As a result, the Board proposes to:
- (a) explain that the 'date of initial application' in IFRS 10 means 'the beginning of the annual reporting period in which IFRS 10 is applied for the first time'.
  - (b) amend paragraph C3 to clarify that an entity is not required to make adjustments to the previous accounting for its involvement with entities if the consolidation conclusion reached at the date of initial application is the same under IAS 27/SIC-12 and IFRS 10. As a result, the Board confirms that relief from retrospective application of IFRS 10 would also apply to an investor's interests in investees that were disposed of during a comparative period such that consolidation would not occur under either IAS 27/SIC-12 or IFRS 10 at the date of initial application.
  - (c) amend paragraphs C4 and C5 of IFRS 10 to clarify how an investor shall adjust comparative period(s) retrospectively if the consolidation conclusion reached at the date of initial application is different under IAS 27/SIC-12 and IFRS 10.
- IN3 It is proposed that the effective date of the proposed amendments would be aligned with the effective date of IFRS 10. It is therefore proposed that an entity would also apply the proposed amendments for annual periods beginning on or after 1 January 2013.

## Next steps

- IN4 The Board will consider the comments that it receives on the proposals and will decide whether to proceed with an amendment to IFRS 10.

## Invitation to comment

---

The Board invites comments on the questions set out below. Respondents need not comment on all of the questions. Comments are most helpful if they:

- (a) respond to the questions as stated;
- (b) indicate the specific paragraph or paragraphs to which the comments relate;
- (c) contain a clear rationale; and
- (d) describe any alternatives that the Board should consider, if applicable.

The Board is not requesting comments on matters not addressed in this exposure draft. Comments should be submitted in writing and must arrive no later than **21 March 2012**.

### Question 1:

The Board proposes to clarify the 'date of initial application' in IFRS 10. The date of initial application for IFRS 10 would be 'the beginning of the annual reporting period in which IFRS 10 is applied for the first time'. The Board also proposes to make editorial amendments to paragraphs C4 and C5 of IFRS 10 to clarify how an investor shall adjust comparative period(s) retrospectively if the consolidation conclusion reached at the date of initial application is different under IAS 27/SIC-12 and IFRS 10.

Do you agree with the amendments proposed? Why or why not? If not, what alternative do you propose?

### Question 2:

The Board proposes to amend paragraph C3 of IFRS 10 to clarify that an entity is not required to make adjustments to the previous accounting for its involvement with entities if the consolidation conclusion reached at the date of initial application is the same under IAS 27/SIC-12 and IFRS 10. As a result, the Board confirms that relief from retrospective application of IFRS 10 would apply to an investor's interests in investees that were disposed of during a comparative period such that consolidation would not occur under either IAS 27/SIC-12 or IFRS 10 at the date of initial application.

Do you agree with the amendments proposed? Why or why not? If not, what alternative do you propose?

## [Draft] Amendments to IFRS 10 *Consolidated Financial Statements*

In Appendix C, paragraph C2A is added and paragraphs C3, C4 and C5 are amended. Paragraph C4 has been divided into paragraphs C4 and C4A. Paragraph C5 has been divided into paragraphs C5 and C5A. New text is underlined and amended text is struck through.

- C2A For the purposes of this IFRS, the date of initial application is the beginning of the annual reporting period in which this IFRS is applied for the first time.
- C3 ~~When applying this IFRS for the first time~~ At the date of initial application, an entity is not required to make adjustments to the previous accounting for its involvement with either:
- (a) entities that ~~were previously~~ would be consolidated at that date in accordance with IAS 27 *Consolidated and Separate Financial Statements* and SIC-12 *Consolidation—Special Purpose Entities*, and, remain consolidated in accordance with this IFRS, ~~continue to be consolidated~~; or
  - (b) entities that ~~were previously unconsolidated~~ would not be consolidated at that date in accordance with IAS 27 and SIC-12, and, remain unconsolidated in accordance with this IFRS, ~~continue not to be consolidated~~.
- C4 ~~When application of this IFRS for the first time results in~~ If, at the date of initial application, an investor concludes that it shall consolidate ~~consolidating~~ an investee that was not consolidated in accordance with IAS 27 and SIC-12 the investor shall:
- (a) if the investee is a business (as defined in IFRS 3), measure the assets, liabilities and non-controlling interests in that previously unconsolidated investee on ~~that the date of initial application~~ as if that investee had been consolidated (and thus had applied acquisition accounting in accordance with IFRS 3) from the date when the investor obtained control of that investee on the basis of the requirements of this IFRS. The investor shall adjust comparative periods retrospectively. Any difference between:
    - (i) the amount of assets, liabilities and non-controlling interests recognised; and

(ii) the previous carrying amount of the investor's involvement with the investee

shall be recognised as an adjustment to retained earnings at the beginning of the earliest comparative period presented or, if later, on the date when control was obtained.

(b) if the investee is not a business (as defined in IFRS 3), measure the assets, liabilities and non-controlling interests in that previously unconsolidated investee on ~~that the date of initial application~~ as if that investee had been consolidated (applying the acquisition method as described in IFRS 3 without recognising any goodwill for the investee) from the date when the investor obtained control of that investee on the basis of the requirements of this IFRS. The investor shall adjust comparative periods retrospectively. Any difference between;

(i) the amount of assets, liabilities and non-controlling interests recognised; and

(ii) the previous carrying amount of the investor's involvement with the investee

shall be recognised as a corresponding an adjustment to retained earnings the opening balance of equity at the beginning of the earliest comparative period presented or, if later, on the date when control was obtained.

(e)

C4A If measuring an investee's assets, liabilities and non-controlling interest in accordance with C4(a) or (b) is impracticable (as defined in IAS 8), ~~the~~ an investor shall:

(a) if the investee is a business, apply the requirements of IFRS 3. The deemed acquisition date shall be the beginning of the earliest period for which application of IFRS 3 is practicable, which may be the current period.

(b) if the investee is not a business, apply the acquisition method as described in IFRS 3 but without recognising any goodwill for the investee as of the deemed acquisition date. The deemed acquisition date shall be the beginning of the earliest period for which the application of this paragraph is practicable, which may be the current period.

The investor shall adjust comparative periods retrospectively unless the beginning of the earliest period for which application of this paragraph is practicable is the current period. The investor shall recognise aAny difference between:

(a) the amount of assets, liabilities and non-controlling interests recognised at the deemed acquisition date; and

(b) any previously recognised amounts from its involvement

shall be recognised as an adjustment to retained earnings equity for that period at the deemed acquisition date. In addition, the investor shall provide comparative information and disclosures in accordance with IAS 8.

C5 ~~When application of this IFRS for the first time results in~~ If, at the date of initial application, an investor concludes that it shall no longer consolidating consolidate an investee that was consolidated in accordance with IAS 27 (as amended in 2008) and SIC-12, the investor shall measure its retained interest in the investee on the at that date of initial application at the amount at which it would have been measured if the requirements of this IFRS had been effective when the investor became involved with, or lost control of, the investee. The investor shall adjust comparative periods retrospectively. Any difference between:

(a) the previous amount of assets, liabilities and non-controlling interests recognised; and

(b) the carrying amount of the investor's retained interest in the investee

shall be recognised as an adjustment to retained earnings at the beginning of the earliest comparative period presented or, if later, on the date when the investor became involved with, or lost control of, the investee.

C5A If measurement of the retained interest is impracticable (as defined in IAS 8), ~~the an~~ investor shall apply the requirements of this IFRS for accounting for a loss of control at the beginning of the earliest period for which application of this IFRS is practicable, which may be the current period. The investor shall adjust comparative periods unless the beginning of the earliest period for which application of this IFRS is practicable is the current period. The investor shall recognise aAny difference between:

(a) the previously recognised amount of the assets, liabilities and non-controlling interest; and

- (b) the carrying amount of the investor's ~~involvement with~~ retained interest in the investee

~~shall be recognised as an adjustment to retained earnings equity for that period at the beginning of the period when the loss of control is deemed to have occurred. In addition, the investor shall provide comparative information and disclosures in accordance with IAS 8.~~

In Appendix C, paragraph C1A is added.

- C1A *Transition Guidance* (Amendments to IFRS 10), issued in [date], amended paragraphs C3, C4, C5 and added paragraphs C2A, C4A and C5A. An entity shall apply those amendments for annual periods beginning on or after 1 January 2013. If IFRS 10 is applied early those amendments shall also be applied early.

## Basis for Conclusions

*This Basis for Conclusions accompanies, but is not part of, the draft amendments.*

- BC1 The IFRS Interpretations Committee received requests to clarify the meaning of the ‘date of initial application’ in the transition requirements in IFRS 10 *Consolidated Financial Statements*. The submitters of those requests observed that IFRS 10 does not provide a definition of the date of initial application and that this term is not used consistently in the IFRS literature. They asked the Interpretations Committee to clarify whether the ‘date of initial application’ in IFRS 10 is the beginning of the first reporting period in which IFRS 10 is applied for the first time, or the beginning of the earliest reporting period presented in the first financial statements in which the entity adopts IFRS 10. The submitters also asked whether it was intended that IFRS 10 should be applied retrospectively if, at the time that IFRS 10 is first applied, the investee is no longer consolidated under IAS 27 *Consolidated and Separate Financial Statements* and SIC-12 *Consolidation—Special Purpose Entities* because it was fully or partially disposed of during the comparative period(s).
- BC2 The Interpretations Committee discussed this issue and suggested to the Board that it should clarify ‘the date of initial application’. The Interpretations Committee recommended that the Board should amend IFRS 10 for this issue separately rather than addressing this issue through an annual improvement.
- BC3 The Board agreed that IFRS 10 should be clarified. The Board noted that the main intention when issuing IFRS 10 was to ensure consistent accounting for transactions when IFRS 10 was applied for the first time (ie 1 January 2013 for a calendar-year entity, assuming no early application). In other words, the intention was to use the date of initial application as the point at which it was determined what interests should be accounted for in accordance with IFRS 10. The Board also noted that the intention was to provide a transition relief if the consolidation conclusion would be the same under IAS 27/SIC-12 and IFRS 10 at the date that IFRS 10 was applied for the first time. The Board concluded that, in those situations, the incremental benefit to users would not outweigh the costs of applying IFRS 10 retrospectively.
- BC4 Consequently, the Board proposes to confirm that the ‘date of initial application’ means the beginning of the annual reporting period in which IFRS 10 is applied for the first time and to amend paragraphs C4 and C5 to clarify that:

- (a) an entity should assess whether the consolidation conclusion is different under IAS 27/SIC-12 and IFRS 10 on the date of initial application of IFRS 10; and
  - (b) if, and only if, the consolidation conclusion reached at the date of initial application is different under IAS 27/SIC-12 and IFRS 10, an investor is required to adjust retrospectively its comparative period(s) as if the requirements of IFRS 10 had always been applied, with any adjustments recognised in opening retained earnings (if practicable).
- BC5 The Board also noted that, when developing IFRS 10, it had not specified how to deal with situations in which an investor has disposed of all, or a portion, of its interest in an investee during a comparative period such that consolidation would not occur under either IFRS 10 or IAS 27/SIC-12 at the date of initial application. The Board noted that, even in situations where the investee was not consolidated under IAS 27/SIC-12 but would have been consolidated under IFRS 10 until the date of disposal, adjusting the comparative period(s) retrospectively for temporary consolidation until disposal would be of little relevance to users and would be burdensome for preparers, particularly in jurisdictions for which several years of comparatives are required. The Board confirmed that transition relief is also appropriate in those situations and that relief from retrospective application also applies when the consolidation conclusion is unchanged under IAS 27/SIC-12 and IFRS 10 at the date of initial application.
- BC6 Consequently, the Board proposes to amend paragraph C3 to confirm that an entity is not required to make adjustments to the previous accounting for its involvement with entities if the consolidation conclusion reached at the date of initial application is the same under IAS 27/SIC-12 and IFRS 10. In making this clarification, the Board confirms that the transition relief in paragraph C3(b) would also apply to interests in investees that were disposed of before the date of initial application of IFRS 10.
- BC7 Because the mandatory effective date of IFRS 10 is for annual periods beginning on or after 1 January 2013, the Board proposes that these amendments to IFRS 10 should also be in effect on this date. The Board decided to shorten the comment period for this exposure draft to 90 days so that these clarifications can be provided as early as possible.
